

When; July 24, 2021 to July 31, 2021

We have rented a house in North Palm Beach so we can make it a mini vacation. You can rent a hotel room or house in or around Riviera Beach, Singer Island is right across the bridge. Stay as long as you want, you select your accommodations and duration. We will meet at the bridge.

There are no admission fees for the park, if you own your own gear it is free except for air fills. We buy a card of 10 fills for \$50. You can call the dive shop below for prices if you need to rent gear. You are required to have a dive flag with the group.

We use Force E Scuba Centers, this is a full service dive shop.

155 East Blue Heron Blvd, Riviera Beach, FL 33404, 561-845-2333, www.force-e.com

For tide charts, pictures, and videos just search Blue Heron Bridge on the web.

About the diving;

These are very easy dives, the deepest I've ever been there is 22 feet. It's nothing to have a two hour long dive! The dives are very time specific for example the high tide on 7/24/2021 is 8:59 am. You get in the water one hour before the high tide which would make it 7:59 am. We like to arrive an hour early to get parking and gear up, even earlier on weekends and holidays.

There are all sorts of different fish and critters there, great for photography.

You have two different choices of dives, the east bridge and the west bridge. Also running parallel to the park is a series of manmade reefs and sunken boats. There are even some statues of hammer head sharks.

This is a wonderful area for new divers as well as experienced divers.
