Paradise Taveuni is located in the southwest of Taveuni Island, one of the island's most beautiful areas. Set on 5 acres of elevated oceanfront land, Paradise offers impressive sea and sunset views and many strategically placed hammocks and sun lounges from which to enjoy them. Much of the Taveuni coastline is rugged and set against some of Fiji's highest peaks. Des Voeux Peak reaches up 1195m and the cloud shrouded Mt Uluiqalau, at 1241m, is country's second highest summit, offering some of the best views in Fiji and making Taveuni a great hiking destination. Covered in coconut trees, Taveuni is known for being the Garden Island of Fiji due to the abundance of its flora and the amount of local produced that is exported – mainly Dalo (Taro) and Kava (Yonqona). Approximately 60 percent of the island is Tropical Rainforest and the volcanic soil makes Taveuni one of Fiji's most fertile areas – hence the name 'The Garden Island of Fiji'. While the northeast of Taveuni is fringed by reefs, the southwest has deep water close to shore. Taveuni, free from poisonous snakes and spiders, is a bird watchers dream as well. With the world famous 20-mile reef system, the Rainbow Reef, just a short boat ride away, Paradise offers some of the best diving in the world. Fiji is known as "The Soft Coral Capital of the World" and here you will experience some of the most memorable dives of your life. Explore astounding soft corals and diverse marine life with the Paradise Dive Team. With over 40 sites on offer, you can dive 'The Great White Wall' – noted as one of the Top 10 Dives in the World, Orgasm, The Zoo, Fish Factory, Cabbage Patch and many more dive sites that you will recall for the rest of your life.
