

Checking Scuba Equipment in Villages Pools

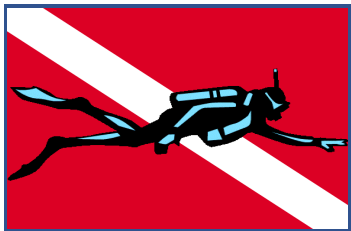

-
- In a recent meeting, a question was raised on using Scuba Equipment in The Villages pools.
 - We re-checked the current guidelines with The Villages District Parks and Rec personnel.
 - In response to our inquiry, and as part of a related Parks and Recreation policy update, they are looking at ways to assist our efforts.
 - They have **NOT** completed this process. They expect to be complete in the next few weeks.

Current Guidance

- Under the guidance we have been operating under so far, you can use The Villages Sports Pools to check out scuba equipment during two periods:
 - “Open Swim” Times
 - “Combo Swim” Times
- Make Sure you Check the Rec Ctr Schedules!!
- When the lanes are in place, make sure you stay in your lane.....
- “Unfortunately, utilizing neighborhood pools is a no go”.
- **We hope to have their updated guidance in the near future.**

Sports Pools Locations

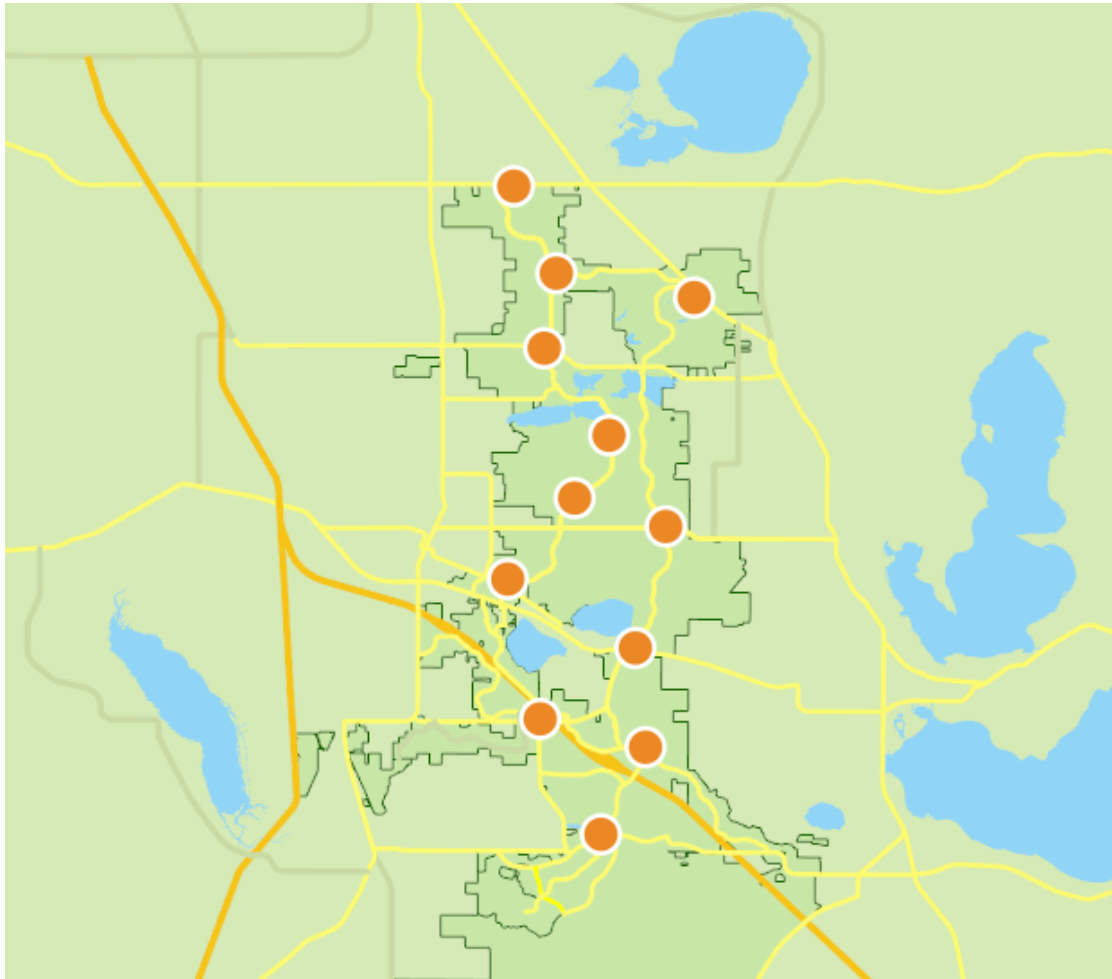

- **Villages Sports Pools: (North to South)**

- Mulberry Grove Rec Ctr
